

Peacock Wall Mount Jewelry Holder

Mounting Instructions

Note:

For safe mounting, it is essential to use the proper hardware for your wall type. Contact your local hardware store for assistance, if necessary. For safety and ease of mounting, installation is recommended using two people. Mount to wood studs whenever possible.

Tools Needed:

Level, stud finder, Phillips head screwdriver, pencil

Hardware Included:

1 Screw, 1 Anchor

Wood stud mounting:

1. Mark the location on the wall.
2. Using a Phillips-head Screw driver, drive the screw (A) into wall. The screws should not be flush to the wall. Leave a gap of $\frac{1}{4}$ " between the head of screw and the wall.
3. Hang the jewelry holder on the screw head and slide the jewelry holder so that screw locks securely in the key hole as shown in the illustration.

Dry Wall Mounting:

1. Mark the location on the wall.
2. Using a Phillips-head Screw driver, drive the anchor into the wall at the location. Do not force the dry wall anchors as they are designed to bore a hole into the wall without much pressure.
3. Using a Phillips-head Screw driver, drive the screw into the dry wall anchor. The screw should not flush to the wall. Leave a gap of $\frac{1}{4}$ " between the head of screw and the wall.
4. Hang the jewelry holder on the screw heads and slide the jewelry holder so that screw locks securely in the keyhole as shown in the illustration.

Care Instructions:

Wipe with a soft, dry cloth. To protect the finish, do not use household cleaners or abrasives.
